EDISON DAY

Celebrated All Over the World Today
—Anniversary of the Perfection
of the Incandescent Light.

The entire week from the 18th to the 23rd, inclusive, has been designated as Edison Week, and has been celebrated all over the civilized world as such. Thursday, October 21, is Edison Day, and is a celebration of the perfection of the incandescent light by the "wizard." It is also in celebration of the recovery or rather the reconstruction of the Edison plant after the disastrous fire of ten months ago.

IMPORTANT PRAYER MEETING

Prayer meeting at the First Baptist church tonight, with the subject, "A Reasonable Service." This meeting is important because special preparation will be made for Rally Day at the Baptist church and Sunday school next Sunday. All members should make an effort to be present.

SOME REDUCTION, SURE.

A gentleman of Paris petitioned the City Council to reduce the license on the sale of malt mead from \$1,000 to \$25, but there was nothing doing in the reduction line with the Paris solons.

PAINTERS' UNION.

Regular meeting of union tonight at 7 o'clock, in the Fifth Ward.
W. H. LUMAN, President.
W. E. Smith, Secretary.

The Ashland Board of Trade directors selected Colonel T. A. Fields to complete arrangements for a banquet to be given Thursday, October 28, in honor of President George W. Stevens, of the Chesapeake & Ohio railroad, and a party of officials which will visit Ashland that day.

Mr. and Mrs. Rolfe and Mr. and Mrs. Collins at families, with three teachers of the Maysville, Ky., centralized schools, were Ripley visitors Sunday. They were very highly pleased with it in every particular.—Ripley Bee.

At present there are 1,440 prisoners in the State Reformatory at Frankfort and only 1,152 cells. Kind of crowded over there, and tourists keep on going.

A GREAT REDUCTION

In going over our stock we find that we are OVERLOADED, and have decided to REDUCE STOCK, and it goes at cost.
This space will not permit us to list it all. One great bargain is 100,000 feet of an EXCELLENT GRADE OF OAK SIDING. This goes at \$2 PER HUNDRED. All other yard stock greatly reduced.
Don't miss this opportunity to get what you want in lumber and building material at the lowest prices ever known in Maysville. Terms at this reduced price are CASH.

THE MASON LUMBER COMPANY, LEADERS
CORNER SECOND AND LIMESTONE STREETS. PHONE 519. MAYSVILLE, KY.

WAR BRIDE HAT OF MOURNING

In Europe, where half the women are in mourning, this hat, which Courneur of Paris, its designer, has appropriately called the "War Bride's Hat," is meeting quite a vogue among the young widows, who appreciate its smartness and chicness. It is made of black crepe, with a touch of white veil, and is draped, permitting it to hang loose down the back.

MANY WORKING AT DAM.

The work on Lock and Dam No. 33, above this city, is being rushed so as to get the cement work on the locks completed before the frost comes. About 500 men are now being employed on the works. This large number of men working means prosperity to all and the merchants of the city are enjoying the effect of the increase of money in circulation in this vicinity.

ICE CREAM SOCIAL.

You are cordially invited to attend the ice cream social at Bernard school Friday night, October 22, 1915.
MISS GRANT, Teacher.

NOTICE TO PASTORS AND CHURCH CLERKS.

All announcements for Sunday services must be in this office by 12 o'clock tomorrow to insure insertion.

Mr. Charles Bland and family have moved into the Means flat on West Second street, where they will reside until spring, when Mr. Bland will build a handsome bungalow in the West End.

The Ladies' Aid Society of the Third Street M. E. church will give a social and spelling bee at the church Friday night. Admission 5 cents. A silk quilt goes to the best speller.

Come and hear Mr. Edison's favorite records at Kackley's this week. Concert every day.

FIRST PROGRAM

Maysville High School Literary Societies Will Hold First Program of Year Friday Afternoon at High School Building.

Friday afternoon from 2 to 3 o'clock, the first literary program of the year will be rendered by the Athenaeum and Adelphe Literary Societies of the Maysville High School, in the auditorium.

The program promises to come up to the high standard set by the societies in the past years, and will be rendered as follows:

President's Address (Athenaeum).....Henry Shea
President's Address (Adelphe).....George Burrows
"In Serbia".....Frances D. Ball
"Visiting Belgium Trenches".....Frances Marsh
Debate: "Resolved, That United States Is Justified in Making England a War Loan"
Affirmative, Georgia Hicks, Pearce Browning, Negative, Charles Hancock, Ruth Chalkley.
Recitation—"When".....Maud Knight
Recitation—"The Aviator".....Martha Lovel
Vocal Solo.....Lucie Smith
Speech—"Fortifications in Modern Warfare".....Margaret Downing
Speech—"Sanitary Conditions in Modern Warfare".....Marshall Wood
Athenaeum Chorale.....Margaret Smith
Recitation—"A Story of the War".....Ruth Willett
Music.....Girls' Quartet
Reading—Selected.....Mary Dewees Poyntz
Adelphe Review.....Charles Bramble

TALLEST NEGRO IN STATE

On Trial at Covington Before Judge Cochran For Selling Liquor Without License.

In the United States Court at Covington, Wednesday morning, the case of McKinley Shadon's administrators against the C. N. O. & T. P. railroad for \$20,000 damages, was placed on trial. The plaintiff, Telford Shadon, alleges that a brakeman shot and killed his son, McKinley, near Burnside, Ky.

The grand jury was dismissed, late Tuesday, after indictments were returned against Edward Ross, of Jackson county; Herman Brownell of Carroll county, and Isaac Peters, of Owsley county, charging them with illegal selling of whisky. They pleaded not guilty.

Monroe Wright, charged with a violation of the Mann "white slave" act, was arraigned and the court decided to transfer the case to Catlettsburg. Wright pleaded not guilty to the indictments. Wright's two sons, Booker and Bill Wright, are charged with intimidating a deputy marshal.

"Jack" Johnson, seven feet tall, a negro, whose huge form towered high in the court room, smilingly confessed that he was guilty of selling liquor without a license. Johnson was the life of the county jail where he is incarcerated. He comes from Perry county.

DAM MAN HURT.

Late Wednesday evening, Mr. Edward Whalen, of this city, who is employed at the work on Lock and Dam No. 33, above this city, was hurt while trying to cross over a freight train. Whalen was on one side of the train and wished to get on the other side. Becoming impatient because of the delay caused by the train he started to climb over the cars. The train started and the coupler caught his foot, mashing it badly. He was removed to this city where after medical inspection it was thought that his foot will have to be removed. This is the second accident of this nature within the past month. A short time ago Mr. Mack Kenny of this city, lost a portion of his arm by being caught in a moving freight train.

CAT CAUSES DISTURBANCE.

In Police Court Wednesday afternoon, the airing of the queerest trial ever on record in this tribunal was done. Several days ago a cat belonged to a colored lady died in another colored lady's yard on the Fleming pike. The first lady threw the cat into the second lady's yard, and the second lady returned the compliment. The cat was thrown back and forth several days. Finally one of the ladies of color became angry and called the police, who summoned both parties to the court. After hearing the story, Judge Whitaker told the Amazons to go home and sent John Sloan to bury the animal.

ARREST YOUNG COLORED GIRLS.

Late Wednesday evening, Police Sergeant Harry Walsh arrested two young colored girls whom he found wandering about the city. The girls acted rather queer and were arrested. They will be detained until their record is investigated, as it is thought they escaped from the Reform School.

MARRIES COUPLE.

Miss Anna Archdeacon, aged 21, of Elizaville and Mr. Henry McChord, aged 25, of Ewing, were married by County Judge W. H. Rice at his office in the courthouse Wednesday.

Winchester has sixteen candidates for school trustee.

NEW DEPARTMENT

Added To the M. E. School At Olive Hill To Accommodate Boys.

The new \$15,000 plant of the M. E. church industrial school operated by the Woman's Home Missionary Society at Olive Hill, will soon be fitted to accommodate boys as well as girls. The school, the only Methodist institution of the kind in Kentucky, now has a student body of over eighty girls, a number of whom live in the dormitory.

The M. E. industrial school is a unique institution, being similar to those operated in the South and West by the society. Each auxiliary body of the general missionary society sends one girl to the school each year, a fee of \$50 being charged for board and tuition.

The school has been designed to bring education and enlightenment, mentally, morally and spiritually to the mountain people of the South and West. At the present time the Olive Hill school has the common school branches and one or two high school courses for girls only.

The board of trustees, which recently completed a handsome brick structure of four stories, is now planning to extend the work to boys' needs. A manual training course will be established and scholarships for boys established.

Miss Edith Ashton, principal of the school, recently reported to the board that the mountain girls are apt at their studies even when coming to the institution without knowledge of the mere rudiments of first grade work.

NARROW ESCAPE FROM DEATH

Joseph Richardson Trampled and Gored By Enraged Bull Wednesday Morning—Friend Comes To Rescue—Condition Serious.

Wednesday morning about 9 o'clock, Mr. Joseph A. Richardson, aged 68, of Jersey Ridge, was leading a bull from one field to another on his farm when for some reason the animal became enraged and, rushing at Mr. Richardson, knocked him down and trampled him and butted him with its head, which, luckily did not have horns. Mr. Jack Madden, a friend, was in the field with Mr. Richardson, and seeing the plight of his friend, ran and procured a club with which he beat off the enraged animal.

Mr. Madden then placed the injured man on his back and carried him to his home, some distance off, where Dr. J. H. Samuel, of this city, was summoned and rendered aid to the injured man, who will recover if he has not been injured internally.

After leaving Mr. Richardson at his home, Mr. Madden returned to capture the bull. On seeing Mr. Madden the bull started after him, but as Mr. Madden had a pitchfork, he stood the "gentleman" off and drove him away.

RE-ELECTED TREASURER

Col. W. L. Traxel, of This City, To Handle the Cash For the Master Bakers For Another Year.

At Wednesday's session of the Kentucky Master Bakers' Association in Louisville, J. A. Flaherty, of Covington, was elected to the presidency, to succeed Mr. Braun. He has been vice president of the organization during the last year.

Other officers were named as follows: Lee Wigard, of Louisville, vice president; M. DeFries, of Bowling Green, secretary; W. L. Traxel, of Maysville, treasurer, and Nick Braun, Jacob Nill, Philip Schumback, member of the executive committee.

WIRING ROBINSON RESIDENCE.

Messrs. G. A. Hill & Bro. are busy this week installing the electric wiring and fixtures in the new home of Mr. E. A. Robinson, on West Second street. This pretty house will soon be ready for occupancy.

GONE TO VIRGINIA.

Mr. C. S. Kirk, of the Mint Cola Company, is in West Virginia this week in the interest of that firm. He will be gone several days, during which time he hopes to close a deal for his firm.

PIANO TUNING.

Mr. H. B. Macgregor, expert piano tuner from Cincinnati, is here and will tune your piano. Leave orders at De Nuzle at once.

Mrs. Edna Gilmore Core and Miss Blanche M. O'Keefe leave today for Richmond, Va., to attend the Conaty-Gilmore wedding on October 26. Miss O'Keefe will be one of the bridesmaids. Ground was broken at Russell this week for a \$12,000 stone building by J. W. Ramey, a well known merchant of that place. The structure will be the largest store building at Russell.

Mrs. T. J. Currey returned home Wednesday after visiting her daughter Mrs. J. R. Selp, at Newark, and her sister, Mrs. Orien Gallaher, at Dayton, O.

Russell now has a creosote plant for treating railroad ties in order that they may better withstand the weather.

FEDERAL GRAND JURY

Reported To Judge Cochran At Covington Tuesday Morning.

The Federal grand jury made a report to Judge A. M. J. Cochran in the United States Court in Covington at 11 o'clock Tuesday morning.

The grand jury is composed of the following: Philip Queal, foreman; H. C. Tibbets, Lee Weldon, William Branch, John Stonestreet, Perry McDowell, John Conner, A. C. Bird, O. G. Callahan, G. W. Taylor, John Bold, Alvin Lewis, Charles Rankins, Robert Sandford and W. A. Buckner.

In three counts, Douglass Bradley Wright was indicted for counterfeiting. In one indictment he is charged with counterfeiting \$5 notes on the Citizens' Bank of Sidney, O. In the second indictment he is charged with counterfeiting \$10 notes on the First National Bank of New Paris, O. The third indictment charges Wright with counterfeiting \$20 notes on the Citizens' Bank of Winchester, Ky. Three similar indictments were returned against Kate Wright, who says she is a sister of Douglass Wright. The Wrights were arrested by Secret Service Agent Mike Bolen, Jr., several weeks ago, at 83 West Third street, in Covington, in a raid in which a counterfeiting outfit with a quantity of spurious money was confiscated before Commissioner Bell. His sister pleaded not guilty.

Other indictments containing the following charges were returned: Ray Givens, Lincoln county, illegal selling of whisky; Jack Johnson, Perry county, illegal selling of whisky; Dan Thomas, Bell county, illegal selling of whisky; Bee Welch, illegal selling of whisky; R. Fox, Charles Turner and John Adkins, Jackson, Ky., illegal selling of whisky; Willie B. Brown, McKinney, Ky., illegal selling of whisky; Harmon Adams, Eastern Kentucky, illegal selling of whisky; C. H. Coleman, having in his possession dies, hubs, molds for making dimes and quarters. Coleman is from Eastern Kentucky; Harry West, alias Jack Cook, counterfeiting.

A jury returned a verdict of not guilty in the case of Walter Montgomery, of Louisa, Ky., charged with using the mails to defraud. Montgomery was defended by Attorney John O'Neal.

Jason Cornett, of Eastern Kentucky, pleaded guilty to illegally selling whisky when Judge Cochran informed him that his case would have to be continued until the spring session. Cornett told the court that he would charge the plea to that of guilty.

J. J. Miller, charged in two counts with selling heroin without keeping a record, entered a plea of guilty and was fined \$900 and costs by Judge

Cochran. Miller conducted a drug store at Eighth and Greenup streets. The case of Harry Wiechelman, charged with selling heroin without keeping a record, was continued until Friday.

115TH ANNUAL SESSION

Of the Masonic Grand Lodge of Kentucky Began At Louisville On Tuesday.

The annual address of Grand Master George B. Winslow, of Carrollton, and the annual reports of Grand Deputy Grand Master T. J. Adams and Grand Secretary Dave Jackson were the principal events in the first meeting of the 115th annual session of the Masonic Grand Lodge of Kentucky, which began at the Masonic Temple, Louisville, Tuesday morning.

After these matters had been disposed of the various committees were assigned by Grand Master Winslow and an adjournment was taken to allow them to prepare their reports to be submitted.

From the report of Grand Secretary Jackson it appears the total number of Masonic lodges in Kentucky is 594, with 43,387 members, a gain of 1,248 during the year. The total receipts during the year were \$116,531.24, and the total disbursements were \$109,258.36.

PRAYER MEETING.

Regular weekly prayer meeting service at the Third Street M. E. church this evening at 7 o'clock, will be led by the pastor, Rev. J. M. Lital. The choir will practice after the meeting.

Sorghum Molasses

As fine as you ever tasted.

THOUGHT TO BE INSANE.

One of the most active mechanics in this city is being confined to his home for fear that he will do some one harm. He is being watched very closely, as it is thought that he has been stricken with insanity, and a trial may be called at any moment.

Mrs. Mary Harris Armour, the "Georgia Cyclone," who so ably entertained a large audience at the house here during the Jones campaign last year, spoke to a crowd at Portsmouth Tuesday.

Mr. "Roy" Cochran is able to again after several weeks' illness.

LISTEN, MEN

If you shave yourself here's a tip. We have all the best kinds SHAVING SOAPS, STICKS, POWDERS AND CREAMS. Also facial lotions, the kind that make the face firm, fresh and smooth. Also the best grade shave talcum powder.

M. F. WILLIAMS DRUG COMPANY
QUICK SERVICE. PHONE 91.

Mr. Ed. Eitel, who has been confined to his home for several days by sickness, is out again.

Mr. Anderson Williams, of Germantown, was transacting business in this city Wednesday.

Portsmouth is going to raise another big "stink." This time it's to be a polecat farm, and some of her people have already begun to "take a whiff."

Fairbanks Home Geography for county schools now at De Nuzle.

D. HECHINGER & CO.

"THE HOME OF QUALITY CLOTHES"

THE WORD "GUARANTEED" IS GETTING TO BE A PRETTY MUCH OVERWORKED WORD THESE DAYS, AS SOME MEN HAVE FOUND TO THEIR SORROW.

"HERE" IT IS EMPLOYED IN ITS LITERAL SENSE—WE'LL RECOGNIZE ANY CLAIM IN REASON. WE TAKE YOUR MONEY CHEERFULLY, BUT WE'LL RETURN IT TO YOU JUST AS CHEERFULLY WHENEVER YOU WOULD RATHER HAVE IT THAN THE CLOTHES.

WE BELIEVE EVERYTHING WE SELL TO BE PERFECTLY TRUSTWORTHY—BUT SOMETHINGS WILL GO WRONG ONCE IN A WHILE; AND IN THOSE CASES WE ARE IN A MIGHTY BIG HURRY TO ADJUST THEM TO YOUR ENTIRE SATISFACTION.

D. HECHINGER & CO.

WE HAVE A REMARKABLE STOCK OF CHILDREN'S CLOTHES AT VERY REASONABLE PRICES. SUITS FROM \$3 UP.

STYLES OF THE VERY NO

YOU'LL LOOK A LONG TIME AND WITH SEARCHING SCRUTINY BEFORE YOU FIND

Such Smart Suits As Ours

AT SUCH LOW PRICES. THE STYLES ARE OF THE MOMENT—MANY RECEIVED TODAY FROM THE FACTURERS. YOU'LL KNOW IT THE MOMENT YOU SEE THEM FOR EVERY LINE SPELLS NEW PRICES \$17½ TO \$39. SOME EXCELLENT VALUES IN SERVICE SUITS FOR \$10.

See It Buy It Try It

THE "WINDRELLA" IS AN UMBRELLA THAT CAN BE INSTANTLY RETURNED TO ITS PROPER SHAPE IF THE WIND SHOULD BLOW IT WRONG SIDE OUT. IN FACT WHEN THE WIND TRIES TO TURN IT WITH A WINDRELLA THE JOKE IS ON THE WIND. MEN'S AND WOMEN'S SIZES. GOOD HANDLE. VARIETY. PRICE \$1.

1852 HUNT'S 1915

MUST BE A HORSE RADISH. Mr. Lew Taylor brought to this city in this vicinity. The vegetable was yesterday and placed on exhibition in the show window of Ford & Company.

one of the largest radishes ever seen in this vicinity. The vegetable was of the Japanese variety and weighed fully two ad a half pounds. The radish was grown on the Turney farm, near this city, where Mr. Taylor resides, and was taken at random from the garden.—Bourbon News.

The steamer Florence Mar, which was damaged in the storm Cincinnati recently is to be rebuilt with new boilers installed.

A Wonderful Organization

The Ready-to-Wear Department Of Our New York Office Is An Immense Organization

Their purchases last year, which consisted of Suits, Coats, Dresses and Waists amounted to over Three Million Dollars. One of Chicago's largest stores is a member of our syndicate. It is a sight to go to our any morning and see the hundreds of eager manufacturers trying to get a chance to show their special lines. Courtesy is extended to all manufacturers but the lowest possible prices for good merchandise is the factor that the business. While some stores may get a price on one or two garments office will contract for one thousand or even more.

No wonder you often find here garments marked at retail most stores can buy same at wholesale. Right now we are wonderful values in fur trimmed suits, dresses and coats sent to New York office.

SHOES REPAIRED WHILE YOU WAIT **MERZ BROS.**

MILLIONS "MISLAIN."

The report of the Department of Commerce on reports entered for consumption in 1914 indicates that the customs revenues for that fiscal year amounted to \$283,000,000. In his annual report of that year Secretary McAdoo stated that the customs revenues collected in 1914 amounted to \$292,000,000. Wishing to account for this discrepancy of \$9,000,000 a student of the tariff addressed a letter to the Treasury Department asking the reason, to which the department replied:

"The receipts from customs, as reported by the department, represent the money actually received and deposited with the Treasurer, as duties on imports and the tonnage tax on vessels, while the reports of the Department of Commerce represent only the estimated duties on imports.

The reports of the collectors to the Treasury Department show the following receipts from cus-

tomers for the year 1914, not included in the reports to the Department of Commerce:

Increased duties \$2,250,278
Tonnage tax 1,338,973
Duties on mail importations 1,335,115

Total \$4,924,366

"The department is unable to explain the remaining discrepancy between the reports of the two departments."

Thus, \$4,000,000 is left unaccounted for. But what is a paltry four millions to an administration which is slipping behind at the rate of nearly \$500,000 a day?

We like to see our dignified "city fathers" work. We like to see them hustle around town looking for an opportunity to improve something, to make this a cleaner and more liveable town. It's what they are elected for. There are plenty of opportunities for improvement which have escaped their eagle eyes, which are sadly in need of attention. Of course we can not expect our municipal dads to do everything at once, but we hope they will keep right on scouting around this burg until there is not a thing left undone, nothing of which any one can complain.

Stanley is a good "four-flusher." After Captain Morrow had been ordered to refrain from speaking for his twin brother, Edwin, he sent a telegram to the Secretary of War, asking him to rescind the order. Stanley knew his telegram was too late, but he wanted to "bluff" his game along. Peanut politics this.

It would be a good thing for Maysville to have a fall clean-up day. Our streets are a sorry spectacle with the dust and dirt on them. Why not sweep them at night instead of in the middle of the day on Saturdays? Clean up and at the right time

Wonder with so many candidates running for Council if the people will get back their rights to vote for city officers when the new Council is elected?

Inappropriate.

"What's in a name?" asked Eph Akerlot of the group of grangers gathered around the old air-tight in Fuller Proune's store. "Now there was Sol Stubble up Hickory Village way, when his last boy was born three years back, they named him after Bryan and durned ef they ain't just found out that the youngster was born dumb."—Judge.

MORROW AT CAMPBELLVILLE

Again Raps Stanley and Democratic Administration—Record Breaking Crows.

Campbellville, Ky., October 19.—Before a record-breaking crowd here today Hon. Edwin Morrow delivered one of his famous addresses. His remarks were greeted with applause and he was enthusiastically received. In the course of his remarks he said as follows:

"Two weeks ago at the Masonic Theater in Louisville, in the presence of Mr. Stanley, I chartered and demonstrated, by giving a list of the vouchers on the State Treasury, that in the department of the State government presided over by Mr. Hamlett, a book known as the 'Bird and Arbor Day' State had been overcharged and had paid out of the public funds the sum of \$4,500. The book shows that 25,000 copies were ordered, and that the price, therefor was \$3,382.67. The full amount was paid in three vouchers drawn on the State Treasury from September, 1914, to January, 1915, showing on their face for Bird and Arbor Books.

"In addition to these three vouchers the records at Frankfort show Voucher No. 14 for B. and A., drawn in September, 1914, and Voucher No. 30, for the same book drawn in November, 1914. Voucher No. 14 is for \$2,000, and Voucher No. 30 is for \$2,500, and both amounts were paid from the State Treasury, making a total overcharge of \$4,500 on this one transaction of the Superintendent of Public Instruction.

Explanation Is Due.

"I say that I made this charge more than two weeks ago, and yet Candidate Stanley and Candidate Hamlett and Sherman Goodpaster, Democratic nominee for State Treasurer and the present State Examiner and Inspector have all failed to answer these charges or to explain to the taxpayers these overcharges.

"In this same address at Louisville I charged that a total of \$35,000 had been paid out of the school fund on vouchers in large sums ranging from \$2,000 to \$3,000, with no bills attached and with no way on earth to tell on what contracts they had been paid, yet neither of these three gentlemen have made any answer to these charges, and I again demand that the taxpayers be given an explanation. An explanation is certainly due the taxpayers of Kentucky, and I demand that the people be enlightened concerning what has become of their money and that they be shown how their finances had been handled."

In the Department of the Secretary of State, Mr. Creel and the automobile desk therein and concerning the incompetent and the fraudulent management thereof, Mr. Goodpaster in an official report, has the following to say:

"After this most complete and arduous examination of this department I must say that never have I seen a more reckless and incompetent handling of the State's business and the State's money. As I stated before, there was no cash record kept except on the register and that was inaccurate in the extreme. There were shortages in sums ranging from \$80 to \$480 and yet not a word was said and seemingly no action was taken to restore this money to the Commonwealth. I can not satisfy myself that these discrepancies were due to carelessness. In fact I believe they were not. I am of the opinion that it was a systematic plan to defraud the State."

Bomb Is Exploded.

The discrepancies in Creel's office apparently had been forgotten, but were recalled when Mr. Morrow refreshed the memories of those in the audience. Democrats present were visibly impressed. As one man expressed it: "That sure was a 42-centimeter shell Morrow just dropped into the Democratic camp."

Mr. Morrow continued: "Hamlett's management of the school fund has been shown to have been haphazard. The report of the State Inspector and Examiner is sufficient to show the way in which the funds of the office of the Secretary of State have been handled. In spite of these sordid facts, lo and behold, we find Mr. Stanley claiming to stand for honesty and efficiency in the management of public affairs. At the same time he cries aloud: 'Hamlett, thou art a good and worthy servant and above all others you are best fitted to take charge of the department in which Mr. Goodpaster tells us that there was a systematic plan to defraud the State.' Stanley says 'go to it, old boy, the gang is for you.'

"I wonder if the taxpayers of Kentucky will be fooled into believing that Hamlett will make a more efficient Secretary of State than has Mr. Creel and that the automobile department under Hamlett's control will fare any better than has the school fund during the last four years?"

Mr. Morrow addressed a crowd of several hundred persons at Greensburg. He was introduced by L. H. Henderson, Secretary of the Green county campaign committee, and W. M. Foster, chairman of the executive and the campaign committee, presided as chairman of the meeting.

Mr. Morrow will speak at Bardonia today. In the afternoon he speaks at Springfield and Maysville and in the evening he speaks at Harrodsburg.

G. O. P. RALLY.

Covington, Ky., October 19.—The Republican campaign committee is making preparations for a rousing rally of the party at the meeting next Saturday night, which will be addressed by Edwin P. Morrow, Republican candidate for Governor, and former Vice President Fairbanks, of Indianapolis.

The committee expects to secure the use of the Colonial Theater, which seats more than 1,000 people.

IS BUT ONE ISSUE

Tariff Will Be Question in Next Campaign.

Democratic Party Will Be Called Upon to Explain Why Through Revision the Country Has Suffered Its Loss in Business.

Effects of the European war upon the next American election are already being discussed in Europe as well as in the United States. One of the English newspapers wonders whether the decline in trade in the United States will be blamed on the war or on the tariff. The answer is obvious.

In November, 1912, the total trade balance in favor of America was \$162,000,000. In that year the Democratic party was elected to power on a tariff revision platform. The fear of tariff revision was already in the air and had caused an unsettling of values. In November, 1913, the trade balance had declined to \$97,357,000, or a loss of \$64,643,000 as compared with the month of the election, a year before. In October, 1913, the tariff bill was passed, and from that time until the outbreak of the war imports increased, exports decreased. From the time the tariff bill was passed, Americans bought more abroad because it was cheaper; they sold less abroad because foreign imports caused many American factories and diminished the American output.

In November, 1913, a portion of the Underwood law became effective, and the remainder in January, 1914. The result was correspondingly steady. In January, 1914 it ran down to \$49,224,000 in favor of the United States; in February, to \$25,876,000—going down; in March, to \$4,944,000 in our favor—still going down; in April the bottom dropped out and the balance against the United States was \$11,211,000.

And up to that time there was not even a hint of a European war.

It will not be possible to cloud the issue in the next campaign. The opposition to the party in power will concentrate on the tariff.

Creed for Americans.

I believe in the United States, one and indivisible; in her mission as the champion of humanity—as the friend of the weak and distressed; in the singleness, dignity and inviolability of American citizenship; in the validity of the national treaties; in peace with honor; in friendship with all nations that respect our rights; in engaging alliances with none; in reasonable preparations for national defense by sea and land; in shirking no sacrifice needed to hand down to the future the priceless treasures bequeathed to us by the past; in the necessity of keeping the western hemisphere free from the intrusion of European institutions and ambitions; in the capacity of free men for self-government; in the love of home and country; and in the unflinching resolution that government of the people, for the people, by the people shall not perish from the earth.—Chicago Record-Herald.

Thinks Surprise Awaits Democrats. Robert H. McNeill of North Carolina, at one of the pattern of the Republican state committee, has just returned from a visit to his old home.

"A big surprise is awaiting the Democrats," he said, at the Shoreham. "Although I say it in advance, it will still be a surprise, because the Democrats are not expecting it. In other words, the year 1916 is going to be a Republican year in politics, and North Carolina is going to be in the Republican swing for a restoration of good times and the diffusion of prosperity that has been burdened by Democratic blunders and incompetence. Our friends and neighbors the Democrats are honest and mean well, but they are constitutionally unfit to do anything but obstruct instead of promoting prosperity."—Washington Post.

American Shipping Hard Hit.

In the last days of the session President Wilson gave his approval to the La Follette bill, which now appears likely to heap upon our ship owners a burden which they cannot carry, while leaving foreign shipping companies wholly free from such onerous obligations.

Should the administration spend its two closing years in attempting to repair the damage done to American shipping in its first two years, it would not begin to make amends for its faithlessness to the merchant marine pledge in the Baltimore platform.

Country Firm for Protection.

Whenever two great political parties have gone before the country with the protective tariff or free trade as the issue, the protectionists have won, unless where the issue was clouded or buried under some other issue more important in the minds of the people at the time.

Jackson's Words of Wisdom.

Andrew Jackson is known as the patron saint of the Democratic party. In his message to Congress in 1830 he roundly denounced those who were selling imported products in our markets as carrying out "a selfish and destructive policy." He declared emphatically the right on the part of America to protect our people against this "by imposing protective duties, and the people and political system would present the anomaly of a people stripped of the rights to foster their industry."

How much an acre can you get for that farm, or how much can you realize on your house and lot in town? Fair price, eh? Well, just suppose every store in this town should be suddenly closed up and moved away. WHAT WOULD YOUR FARM OR TOWN PROPERTY BRING ON THE MARKET THEN? Your own intelligence tells you that the nearer a piece of property is to a live and prosperous town the more valuable that property becomes. Now, just why do you try to kill off the life and prosperity of this town and reduce the value of your own holdings by sending your money out of town for goods you can buy just as cheaply at home? Perhaps you can see some wisdom in this, a course, but we can not, and we have viewed the question conscientiously from every angle.

It is related that only once did a certain man have an opportunity to get a word in edgewise with his wife, and that was after she had talked herself to death.

WILD GOOSE HIS WATCHDOG

Kansas Barber Found Pet Also Useful as Weather Guide and Decoy.

Junction City, Kan.—Ed Bickenhauser, a local barber, is mourning the death of his pet wild goose, which 18 years ago he caught while on a hunting trip.

The goose was a reliable weather prophet as well as a watchman. No stranger could enter the Bickenhauser yard without having his presence made known.

In addition, the goose was an exceptional decoy. His honking brought wild geese within shooting distance on many hunting trips.

Sun Cooked Her Eggs.

Emmet, Idaho.—A few days ago Mrs. William Findley, who lives near Freezerburg, Hill, noticed that several of her hens were laying on top of a small stack of hay near the barn.

When she gathered the eggs and endeavored to break them to use in some pastry she found they were well cooked, having been baked in the heat of the sun.

When a man offers you a horse for "less than it is worth," BUY FROM THE OTHER FELLOW.

FAMOUS ACTRESS SAYS COFFEE HARMS COMPLEXION

Declares Coffee Habit Grows On One, Dulls the Mind, and Weakens the Muscles.

People who desire to retain youthful looks and a clear, healthy skin, may be surprised to learn that so eminent an authority on beauty as Lillian Russell declares, in a recent issue of the Chicago Herald, that "both coffee and tea have a harmful effect on the complexion. The most youthful skin can be made dry and sallow by the over-indulgence of tea or coffee."

"It always depresses me when I hear a woman say, 'I must have a cup of coffee the first thing in the morning, and generally slip it in bed. She would be shocked if they could begin the day."

"I heard a most beautiful old woman say, 'Do you think I would dry up my blood and ruin my skin by drinking tea?'"

"The coffee habit grows on one, and when coffee is used as stimulant there is a reaction, which means depression and causes over indulgence or the use of stronger stimulants. In the continued use, stimulants dull the mind and weaken the muscles."

NOTE.—It is a satisfaction to know that in the pure food-drink, Instantum, increasing thousands are finding a delightful morning beverage, a average free from drugs or any harmful substance, and free from coffee's, which in those food elements by Nature for building good strong, healthy bones.

IN THE LINE OF FASHION

Matters That Are Considered of Highest Importance by the Women Who Dress Well.

Hem, collar and sleeves may be bound with a contrasting color and the frock will be fashionably trimmed.

Slippers of black satin for evening wear, with a deep plaiting of satin standing upright at the back of the slipper, are one of the latest fancies.

Evening frocks in the main are short and full and made of lace or net on taffeta or faille or chiffon, with occasional handsome brocades, the silver design on taffeta or faille being still in high favor.

Make the little girl's dress to hang from the shoulders with a slight flare. Cut the neck square and finish it with a band of embroidery. Around the bottom put a band of the same embroidery, but wider.

Silk marquisette is already in evidence for dressy costumes. It is a sort of the grenadine which was immensely popular some few seasons ago, but which was displaced in favor of voile and cotton and silk crepe.

Costs fasten only above the waist, and show decided buttons. High collars are usurping the place of the roll collar, and they figure also on blouses. Many have the material cut away beneath the chin, and this gives a more youthful appearance than an all-around collar. Coat collars are lowered in many models, but revers are by no means abandoned.

Many have the material cut away beneath the chin, and this gives a more youthful appearance than an all-around collar. Coat collars are lowered in many models, but revers are by no means abandoned.

Coats fasten only above the waist, and show decided buttons. High collars are usurping the place of the roll collar, and they figure also on blouses. Many have the material cut away beneath the chin, and this gives a more youthful appearance than an all-around collar. Coat collars are lowered in many models, but revers are by no means abandoned.

Blasting Ground For Tree Planting

Much has been written on how to plant a tree or trees, but if the experiences of scores of famous orchardists have any weight on the topic, the practice of using dynamite preliminary to planting young trees has fully proved its merit.

The writer has personally seen specific examples of the value and excellence of tree planting with dynamite on a private orchard in Delaware, the

THE BLAST THOROUGHLY CRACKS THE SOIL, BUT USUALLY LEAVES A CAVITY OR POTHOLE AT THE BOTTOM—THIS MUST BE FILLED.

difference in growth between the undynamited tree and the tree planted in blasted ground being so unmistakably in favor of the latter that no adequate comparison could be made.

Furthermore, there are so many sane and logical reasons for this method of tree planting that even the most skeptical could not fail to be convinced.

Obviously when a tree has to use a large part of its energies in forcing its roots through the hard soil it cannot be expected to make the same rapid growth and come into such

early bearing as a tree would that had the ground in which it was planted thoroughly prepared by dynamiting beforehand.

No tree should be planted over hardpan or impacted subsoil without first resorting to blasting, so that the soil may be made open and porous. Such blasting not only creates channels, increases absorption of soil moisture and permits deeper rooting, but it also induces better growth and larger yields.

The fact that nearly all commercial orchardists use this method proves that it pays in reduced first year loss, earlier fruiting and larger and better yields.

What made Chicago great? Was it simply its natural advantages? Not a bit of it! It was the energy, perseverance and loyalty of its citizens. The people of Chicago buy their goods IN CHICAGO, and they are always reaching out for the trade of other localities. These qualities have made it a great city of over 2,000,000 people, and it is growing every day. We can not all be Chicagoans, because our advantages are not as great as those of the Windy City. But we can become larger, and greater, and more prosperous in every way if we only remain LOYAL TO OURSELVES. But loyalty, brother, does not consist of passing the home institutions by and enriching those in other localities with our ever increasing trade.

When the President of the United States, one of our greatest advocates of peace, publicly takes the stand that it is imperative that we have adequate means for national defense, isn't it about time for the layman to look to the facts square in the face? American gold will look mighty tempting to foreign nations when this war is over. We have the gold, but not the means of protecting it.

It takes a real Christian to drive two miles through the mud holes, and arrive at the church in an excited frame of mind.

The feminine skirt this season is distinctive in its brevity. And that melts the thought that our fashion czars have no mercy upon the already overworked masculine eye.

HIGHWAY IMPROVEMENT
1,000-MILE ROAD PROPOSED
Canada to Build Route Similar to Lincoln Highway—To Extend From Winnipeg to Calgary.

Central-western Canada will have a federal highway much after the plan of the Lincoln Highway proposed across the United States if the project being urged by the board of control of Winnipeg is carried out. This project contemplates the construction of a concrete highway from Winnipeg to Calgary, to go through the most thickly settled territory tapped by the Canadian Pacific railway.

The thousand miles of highway through the provinces of Manitoba, Saskatchewan and halfway into Alberta will be financed by the municipalities by which the roadway would be traversed. Special appropriations also will be sought from the provincial governments. The project has been received with enthusiasm in a number of the larger cities along the proposed route.

It has been pointed out by the promoters of the highway through the prairie provinces that its construction would enhance the value of the farm lands for several miles on both sides of the concrete roadway.

Every farmer should spend some time looking after the roads. The splitlog drag can be used to good advantage. Road dragging at the proper time will insure good dirt roads the greater part of the year. All it needs is prompt, intelligent action. It must, however, be done at the right time to get the best results.

Yes! It is true in many places that the road dragging should be done by the county but every farmer should take enough interest in the community to see that the road in front of his farm is gone over with a splitlog drag.

There is no other one thing that would add to our advancement, both commercial and social as much as would good roads. Spend a few hours at this season of the year, when the frost is coming out of the ground and the rain and snow is drying up, with a splitlog drag and it will result in better roads, a good advertisement for your farm and its owner.

There is no other one thing that would add to our advancement, both commercial and social as much as would

FLEMINGSBURG GIRL

Founding In a Dazed Condition Near Cincinnati.

(Times-Star.)

Ola McKee, aged 16, who says that her home is near Flemingsburg, was being held at North Bend Tuesday while the authorities investigated her story. She was found Monday walking along the B. & O. S.-W. railroad tracks without an umbrella and in the heavy rain. She seemed dazed and when Mayor Mahoney discovered her and for some time was unable to give a coherent story. Finally she said that the last she remembered she was given some cheese by a young woman whom she met at a depot in Cincinnati. After eating the cheese, she said, she failed to remember anything, but she was revived in a physician's office in North Bend.

The girl said that she had come to Cincinnati a few days ago to visit her sister, Mrs. Hilton Thacker, at 1330 Linn street, but had decided to return to her home. She said she had \$7.20 when she started for the depot and intended to leave immediately. At the depot, she said, she met a young woman and became friendly with her. She does not remember whether she walked to North Bend or whether she boarded a train and rode there.

Marshall Rodlett took the girl to his home and kept her there until her sister could be reached. Mrs. C. W. Cairns, wife of a North Bend merchant, offered to give her a home if she came to her residence. A twin sister, Lola, is with Mrs. Thacker at the Linn street address. She said that their mother is paralyzed and helpless and that both she and her sister, Ola, came to Cincinnati to earn a living and aid in her support. Mrs. Thacker said that when Ola left home it was her intention to take a boat to Mayville, Ky.

THE CHRISTUS OF OBERAMMERGAU.

A touch was needed to complete the horror of the war drama. Great as have been its devastations and destruction of human life, made with- out of cannibalism, there was lacking a something more, but to dramatize the wholly un-Christ-ian comes in the person of Anton Lang, de- Louis Democrat. The written in any Who's-ay encyclopedia or dic- tionary, but it is more than many appearing in- sions. For Anton Lang was the Passion Play per- seign. Countless thou- sands, from every part of a world, have seen this a not only for a striking to the Nazarene, as his- tory have been drawn for us masters, but for attributes of which accentuated the like- a man of peace and also "a sorrows and acquainted with he had moved through the pic- the Passion Play in so much seeming of that divine life, that des who had seen him raised from a lifeless stone- ment with a light. His name, linked with that of Oberammer- has gone round the world.

The incidents of the story add to its tragedy. Anton Lang, still a young man, was called early to the colors. But his soul so revolted at the scenes of death, pain, grief, misery and desolation everywhere around him, that he fell into a serious illness and had to be invalided. Back in the quiet of the Bavarian mountains, he rallied. No sooner was his recovery complete than he was ordered again into the lines. There he died, a hero's death. But a death which did not go far to increase the horror and devastation, in sane minds, of a war without cause and without glory. For who can say that the hand which sped the fatal shot was not that of some man who knew him, and had learned to love him, as the world image of the Prince of Peace.—St. Louis Globe-Democrat.

BENEFIT BALL GAME SUNDAY.

Manager Lee Dinger of the Maysville Regulars has arranged for a benefit ball game Sunday afternoon between two picked teams of this city. The proceeds will go to Luttrell McDonald, the star pitcher of the Regulars, who broke his arm while warming up before pitching a game at Chester Button Makers' ago. Manager Dinger is catcher on one of the teams, and is one of the best because of his recent- into this vicinity. A chance to show his abil- ity, who has won many season for the Regulars. The mound for one of the teams will be on the Bittel will be on the other team. The game will start at 2:30 o'clock.

CHECK TO MEASLES

It Is Thought, Has At Last Been Discovered.

Measles is the Patsy Bolivar of infantile maladies. When a healthy man is asked: "Have you ever been sick?" the answer is: "Never in my life—only measles."

Measles is dismissed as lightly as a puff of cigarette smoke. Yet the fatal and annual ravages from measles is greater than that of typhoid fever, rabies and smallpox, and the legion of defects, such as inflamed eyes, running ears and other deformities, left as its stigma upon human kind after recovery, will never be accurately re- ported. If you can tell the precise damage done by measles you can solve the riddle.

The inroads of measles upon infants has been checked in recent years only by better sanitation and cleaner houses. Mothers, however, still de- ceive themselves and endanger the fu- ture strength and efficiency of their youngsters by wrongly regarding measles as a trivial or nearly harm- less ailment of childhood that "every body must have." Nothing could be wider of the mark; nothing could be farther from the truth.

Dr. C. Horman, of New York City, has carried out recent researches into this age-old distemper which have, to say the least, a distinctly intelligible glimmer for the future. Dr. Horman proposes to make infants im- mune to measles before they are five months old. His method is the out- growth of the well-known discovery that infants in the early months of life, when near others with measles, consistently escape its depredations.

History of Experiments.
Babies under five months, he points out, who have remained in intimate contact with older victims of the spotted fever, not only fail to fall ill with this infection but remain fre- quently immune to it ever afterward. Dr. Horman emphasizes this in the report of seven children in one fam- ily.

The seven youngsters ranged from 10 months up to 14 years old. The eldest had measles eleven and three- fourths years ago. The second child was then 3½ months old and though constantly exposed, gave it the merry "ha-ha." The third and fourth chil- dren had measles six years previously. The second, though always nearby, did not fall a victim to it. Neither did the fifth child, then three months of age.

The sixth child had measles two years ago, and again the second and fifth children, immune since their third month, escaped the malady. The seventh and youngest child was recently observed in an attack of measles, and again the second and fifth remained unaffected.

These, together with a number of other observations convinced Dr. Horman that babies under five months of age were more or less im- mune to measles. Thereupon he de- termined to bring about for all babies artificially what accidentally occurs to a few.

Method of Immunizing.
Dr. Horman obtained the consent first of the mother, a personal friend, to inject her four-months-old baby with blood from a patient down with measles. This experiment usually causes measles in older children and grown-ups who have never had it. Sure enough, the little fellow escaped the distemper, so the savant pro- ceeded to make other children under five months immune. In no single in- stance of more than forty babies thus "vaccinated" against measles were there any unpleasant or disagreeable consequences.

The vaccine for injection was taken from the nasal fluids of children with measles twenty-four hours before the skin all broke out. All such children were tested with a Wassermann and other blood tests to insure that they were, except for measles, absolutely healthful.

Swabs of cotton were used to col- lect the fluids from the nose, and these were kept in sterilized glass tubes. The vaccination of the infants, pre- ferably between four and five months, was made by the application of the moist cotton to the inside of the no- strils of the healthy child.

Fifteen of the over forty infants thus vaccinated against measles had, at the end of from eight to fourteen days, a small number of spots on the skin which would have been ignored un- der usual conditions, but when taken by and large with the experiments seem to prove that, as in smallpox vac- cination, immunity to measles is ac- companied by a mild, almost unob- served fever.

It appears, then, that a means is at last available whereby the depreda- tions of this most contagious of child- hood's visitations may be ward off, if not stamped out. Since practice is very loath to run close upon the heels of knowledge; since man is "not in his ways," and customs, traditions, ig- norance and superstition are always in opposition to new first aids, it will be, perhaps, two generations hence before compulsory vaccination against measles will be adopted.—Dr. Leonard Keene Hirschberg, of Johns Hopkins University.

HOTEL AT SOMERSET BURNED.

Fire, which destroyed the Newtonian Hotel at Somerset Monday night, en- tailing a loss of \$150,000, threatened the town. An all-night fight by the firemen and a steady rain was all that saved the public square from being wiped out. The origin of the fire is unknown. The property was recently acquired by Charles Benner, of Lawrenceburg, Ky. This hotel was one of the largest for a town the size of Somerset in this State, and was a splendid building.

SEWER COMING ON NICELY.

The work on the sewer on Poplar street is coming on nicely and in a few days the contractors, Farrow & Company, will have the work about ready for setting.

FATE'S QUEER TURNS

Coincidences Which War Has Brought Forth.

First Man South Sea Islander Speaks to in London Is Man He Is Looking For—Other Inter- esting Cases.

London.—While E. H. Jones, a prominent resident of Fulham, was at Charing Cross a few days ago he noticed a number of men clad in khaki getting out of the train. He learned they had just arrived from the far off Fiji, where they had given up good situations to offer their services to the motherland in her hour of need. Mr. Jones asked if any of them were from Suva.

"Sure," replied one of the stalwart young fellows, "I come from Suva." "Do you know Mr. E. H. Jones?" inquired the man from Fulham.

"I should think I do. He and I are overseers on the same plantation. I have a letter of introduction to his brother, E. H. Jones, of Fulham."

"You can hand it over now," said Mr. Jones. Both were amazed to learn that the first man the South Sea Islander had spoken to on reaching London was the very man in all Eng- land he wished to see.

This is but one of the extraordinary coincidences which the war has brought forth. A London hospital had another remarkable illustration. A young soldier was severely wound- ed in the fighting "somewhere in France." He lost consciousness, and when he regained it he was lying com- fortably in a bed in a ward of a large hospital. His first words were: "Where am I?" The nurse told him that he was in London, that during the period of his unconsciousness he had been transported across the channel and that his wounds had been tended. He asked the name of the hospital, the number of the ward, the day of the week and the hour. The nurse told him, and he said, "I am sorry to tell you I am here." The nurse looked at him, thinking the poor lad was in a delirium.

"All right, nurse, my dad's in the next ward now. You know he is the surgeon there and this is his visiting day."

And so it was. The father was in the next ward performing his work, thinking all the time that his son was in France. He did not even know that the boy was wounded, far less that he was being tended a few yards away. Writing from the front to friends at Llangollen, Private Jones, of the motor transport A. S. C. relates a peculiar coincidence concerning himself. He was a driver on the Llangollen-Wrexham motor bus route and enlisted soon after the commence- ment of hostilities. In France, strange to say, he was drafted to the front chassis of the motor he had been driving on the Donbighshire route, it having been purchased, with many others, by the government.

The manager of the road car com- pany has written to Private Jones stat- ing that, if it should be possible, they will repurchase the car after the war and place upon it a plate recording the circumstances related.

David Henderson, a Bowhill soldier belonging to the Black Watch, has a remarkable story to tell of how he was able to pay back on the field of battle the services of a man who saved his life in this country in the piping times of peace.

About a year ago, when taking part in a regatta at Weymouth, his boat was capsized and he was thrown into the water. He had been swimming towards the shore for some time when he was picked up in an exhausted condition by a passing boat belonging to Dy- sart.

Strange to say, after a fierce day's fighting in France, Private Henderson saw a wounded soldier lying in front of the trenches, and on going to his assistance he was struck by a bullet thing familiar about the wounded man. Henderson then asked his comrade if it was he who had saved "Davie" Henderson from a watery grave at Weymouth the previous summer. "It was," came the reply. "Then I am Davie Henderson," was the dramatic rejoinder. Henderson then took his wounded comrade by the arm and, under a heavy fire, led him to a place of safety.

USE ABSINTHE IN EXPLOSIVE

French Are Now Utilizing Barred Drink in Manufacture of Gun cotton.

Paris.—Absinthe, placed under a ban for drinking purposes by the law passed early in the war, is being used in the manufacture of gun cotton.

A co-operative distillery at Pontoise, which has been extracting alcohol from beet roots for the use of the government munition factories, found the supply of beet root insufficient and is now taking over the stocks of absinthe held in warehouses. Government in- spectors watch the transformation of the absinthe into alcohol.

Girl of 19 Weds Man 89.

Greenfield, Mo.—"Uncle Matt" Mc- Pherson, eighty-nine years old, and one of the pioneer citizens of Dade county, and Miss Clara Burns, nine- teen years old, of Higginsville, Mo., were married at the courthouse here recently. The ceremony was per- formed by the Rev. William Shaw of this city.

BARBECUE PLANS ABOUT COM- PLETE.

The plans for the Democratic bar-becue, which will be held in Cartmell's woods, on the Mapleleaf pike, about three miles south of this city on Sat- urday, are about complete. The affair promises to be one of the biggest things ever staged by the Democrats in this section of the State. If the day is fair the reception committee says about 20,000 people will be entertain- ed and are making arrangements for that number.

IN FAVOR OF LETTING VOTERS ELECT OFFICERS.

In the announcement of Mr. R. M. Wallingford in Wednesday's issue, one of the planks of his platform was un- intentionally omitted, that is that Mr. Wallingford is in favor of the elec- tion of all officers, such as Chief of Police, City Clerk, etc., which is now in the hands of the Council, he turned over to it.

NEW TOBACCO WAREHOUSE.

Messrs. C. M. Jones, R. B. Holton and others have purchased the lot of H. B. Wood on Commerce street, one block from the Central Ware- house, and will erect a loose leaf warehouse and will be ready for busi- ness by the time the market opens. Mr. Jones will have charge of the new house and this will insure a square deal to everybody. This will be strictly independent and absolutely free from any combine or trust. The new building will be 246 feet long by 132 feet wide, and means plenty of floor space.

The packet Hattie Brown, which formerly plied in the Cincinnati-Madison trade, will now be equipped with a 125-horse-power internal-combustion crude oil engine and will also be pro- vided with a compressed air starter.

The Greendale is off the Enterprise dock and was taken to Cincinnati and entered in the Chilo trade while the latter boat is undergoing repairs. The ferryboat Francis will soon go on the docks for repairs. The relief will take her place at Ironton. The Relief has been at Portsmouth for a few days while the big ferryboat Chesapeake was undergoing boiler repairs. The Relief is the only supply ferryboat in the upper Ohio.

The excursion steamer Carmania, which belongs to the Louisville & Jeffersonville Ferry Company, is to be dismantled in order to settle the ques- tion as to whether the craft is safe. The inspection is to be a novel one and of a character not known in local waters. Barrels are to be placed on one side of the boat until weight of a specified number of persons at an average weight of 130 pounds for each is reached. If the craft does not list to the point of danger she will be given a clean bill of health for safety as to her capacity requirements. The ma- chinery, also, is to be inspected. The original intention was to use sandbags each weighing 130 pounds, but this was changed.

Three hundred thousand teeth are decaying, thousands of dental ab- scesses and numerous more serious diseases are present in the mouths of 50,000 children in the schools of Cin- cinnati, all due to lack of proper cleaning of the teeth and mouth.

OUR COLORED CITIZENS

On next Friday night, October 22, one of the best literary entertainments that Maysville people have witnessed for many a day will be staged by the joint committee of the Odd Fellows' Grand Lodge, which will take place at Scott's Chapel M. E. church. The very excellent program will consist of readings from noted writers, declaim- ers, vocal and instrumental solos, rec- itations from Shakespeare.

The very best literary talent of the community will appear that night on the program. The public is cordially invited out. The program will appear later.

They Should Learn the Way To The Postoffice.

Nearly every time the janitor comes to clean up the Central Presbyterian church he finds a pile of letters and pennies poked through the slot of the door next to the alley, intended for the pastor's mail. The parents of the small children should learn them the way to the postoffice.

L. H. TIPTON, Sexton.

Mt. Hermon Chapter No. 8 will meet tomorrow night at 7 o'clock. All members are requested to be present.

JAMES LONG, H. P.

Palestine Commandery No. 6, will meet tomorrow night at 8 o'clock. All members are requested to be present.

JAMES HICKS, E. C.

BOOM AUTO FUND.

Now that the movement to purchase an automobile for the Visiting Nurse of the Health League has been re- vived, let every one in the city boost the cause. Any contribution, no mat- ter how small, will be accepted.

Why

pay more or buy from irresponsible firms when you can come to me and buy this handsome

Smith & Barnes

Player Piano

under my personal guarantee as to its construction, tone and handsome appear- ance combined, and besides making a saving of from \$100 to \$250 on any in- strument purchased from me. Lots of satisfied customers vouch for what I say.

BRISBOIS, The Furniture Man

42 West Second Street. Satisfaction Guaranteed.

67,000 Cars Behind Orders

The Ford Motor Company is at present 67,000 cars behind orders for IMMEDIATE SHIPMENT. We are out of cars and the only way we can get one is to send in the SIGNED ORDER of the CUSTOMER and then they will deliver the car to us. This condition has never been known before at this time in the year, and if they are behind NOW, what will it be NEXT SPRING? The European war is causing a shortage in material and we advise all prospective purchasers to place their orders now for either immediate delivery or delivery next spring. If you wait you are sure to be disap- pointed in delivery.

Touring Car \$440.00
Runabout. \$390.00
